

## Stand (Light Series) incl. bracket

### **062.8244 Stand (Light Series) incl. bracket max. VESA 400 for flat panels max. 55 inch, 30 kg**

The SmartMetals light series stands are especially suitable for mounting light weight displays. The solutions are of identical quality as you are used from SmartMetals, but lightweight and especially developed for mounting lighter displays. For permanent installation this results in a complete set; consisting of a base plate, column and interface for your display.

We have several accessories available as a laptop support and an expansion set to VESA 600-400. At this moment to be used especially for portrait, but we will soon introduce an improved set also for landscape use.
