Better TV Sound Made Easy

Get a much better sound experience for your TV with great ease of use. Because this soundbar features an HDMI-ARC input with HDMI-CEC support, you need just one cable to connect to your TV and now the soundbar will automatically turn on when your TV is turned on, allow you to simply control the volume with your TV remote and automatically turn off when the TV is turned off ¹. It is that simple.

This soundbar features specially crafted wide-range speaker drivers and a precision engineered housing to deliver room filling sound from just a single bar. Place it below your TV or hang it on the wall so you can always enjoy better sound whenever you turn on your TV.

Product Highlights

Audio output power in Watt at maximum volume

When you want to be immersed, power does matter. The maximum audio power is what makes your movie or music experience truly immersive. Be moved, every time.

The established surround standard for home theater

Dolby Audio, the most widely used surround sound technology, offers a consistent and great surround sound experience in your living room.

HDMI with ARC

HDMI with Audio Return Channel (ARC) makes connecting and using your soundbar with your TV easier than ever before with just a single cable.

Wireless music streaming from your Bluetooth device

Use Bluetooth to turn your sound bar into a powerful music system. Enjoy music with your friends or family.
